## Deadline is April 18 , 2025

Everybody loves to be creative! Young campers will engage in creative experiences with a variety of materials. They will develop their skills in drawing, painting, and more. We will find inspiration through a week-long theme. During the Physical Education time of this exciting week, campers will learn basic skills that can be applied to various sports. They will experience the many benefits that a healthy and active lifestyle offers including: actively participating in fun activities, developing sport and social skills, as well as creating and eating healthy foods. You'll find that Physical Education is about a lot more than just sports!
